FOR THE POLICEMEN'S FUND. Excursion to He Given and Five Steam-

ers Will Run.

The blue-coated guardians of the peace ere daily bolding up more people than an experienced highwayman does in grar. The charge on which so many friends of the force are pulled and puncted is that they are guilty of ignoring the great and only Metropolitan police excursion which will take place August 19. Few and far between are those who fall to plead

"not guilty," and forthwith the price of a number of tickets is paid out.

The good cause to which the proceeds of the affair will be given is the police pension fund, which is now nearly depleted. There are several men who have served long and well on the force and ought now to enjoy rest and ease from labor. Major Moore is very anxious to have the find reach such propertiess that the retirement of these men on a pention may be secom-

plished in the near future.

Five boats will go from Washington down the river on the 19th of August, and a most enjoyable time is assured to all who

accompany the policemen, One sergesst and one patrolman will be detailed from each precinct to see that all objectionable characters are excluded bom the boat and grounds.

FOR LAW AND ORDER. League of Alexandria County.

An association of the citizens of Alexandrin county, interested in the betterment of the county by the enforcement of the laws of the State, was formed about two months ago, and is known as the Citizens' League of Alexandria County, Virginia. 621 Pa. Ave. N. W. UNDER METROPOLITAN HOTEL LAMPS MUST BE LIGHTED.

Judge Miller Is Rigidly Applying the Bicycle Regulations. There were two more cases against bi-cycle tiders without lamps brought up before Judge Miller yesterday, and the order of the Commissioners, exempting letter carriers and postal delivery messengers from the regulation, was discussed.

The first one charged was an employe of the special delivery department of the post-office, and he was arrested by Police-men Whalen and Sullivan, of the Sixth

Judge Miller said that the law was made for the protection of pedestrians, and the question of mail had nothing to do with it. If the man was riding a bicycle without a light be was violating the regulation, and he would therefore be compelled to fine him \$5. The court was afterwards shown the order from the Commissioners, waiving the regulations in the case of post-office employes, and the case was

lismissed.
James Nagle was the next case of violating that particular police regulation and be pleaded guilty. He explained, however, that he was a stranger in the city and un-familiar with the law and Judge Miller let him off.

Cart Smashed by a Train. A cart driven by Abner Hawkins, of No. 215 Fenton street, and belonging to Mrs. Cudmore, was struck by a Baltimore & Ohio train from the Metropolitan branch, at the R street crossing at noon yesterday. The cart was smisshed, but horse and driver escaped uninjured.

Fire Escape on the Metropolitan. The owners of the Metropolitan Hotel closed a contract yesterday for the erection of two fire escapes on the building. One is to be located on the Sixth street side, and the other on the inside of the court. The work of construction is to be com-menced in ten days.
